Ultimate Career Success Transcript

Program 1 – Morning

You are an exceptional individual and have what it takes to succeed in your chosen career.

As you start your day, focus on your strengths as you work at your profession.

Recognize the skills and talent that you already have and acknowledge the opportunities that enable you to add to your expertise.

Apply yourself to making your career a complete success.

You know exactly what you want from life.

You are bright, intelligent, smart and determined.

Believe in yourself.

Build on the qualities that you already possess so that you achieve even greater accomplishments.

Visualize your career going from strength-to-strength.

Know that you are fully capable of gaining a rewarding and satisfying career.

You realize that all your hard work and effort is paying off.

Every day just gets better and better.

People recognize and respect your skills, talent, experience and expertise.

You are highly valued for what you do and for all the special qualities that you bring to your role.

Realize that you're a winner.

You are worthy of ultimate career success.

You absolutely deserve to have a rewarding position in your career.

With a positive outlook, you recognize the amazing success and achievement that is already yours.

You are super dynamic and always have more than enough energy to complete your daily tasks.

Your colleagues and superiors love you. They know that you are capable of great success and support you on your journey.

Every step you take brings you closer to your dream.

You do the work that you were born to do.

You love your career.

Your work brings extra meaning and fulfillment to your life.

Each day, you get better and better at your job. You prove yourself to be a worthy individual.

You earn well for a career that you truly love.

As you work, you recognize the potential to excel in your chosen career.

With confidence, determination and passion, you take advantage of every opportunity that comes your way.

You are well-motivated and focused on success.

Believe in your ability to have a rewarding career.

You are an inspiration.

Everything you do enhances your career and optimizes your life.

Be true to yourself. Do the work that inspires you.

You enjoy your career.

You find your work completely satisfying and rewarding.

Each day, you purposefully work towards achieving your career aims with enthusiasm and passion.

Believe in your ability to achieve excellence in your role.

Be confident in making the right choices.

You know exactly what you're capable of and work passionately and with vision towards your career success.

You trust the career path that you have taken.

Right now, focus on what you have to do to create ultimate career success.

Follow your vision. Trust in your inner wisdom.

You realize that you already have a meaningful, successful and fulfilling career.

The work you do brings you great happiness, achievement and a strong sense of purpose.

You have strong, clear objectives.

When required, you always make good, intelligent decisions that benefit you in your career choices.

Although you are self-reliant, you are a good listener and are always open to guidance and support.

You are self-confident and have high self-esteem.

You recognize that your career success is totally dependent upon you.

Life is full of opportunities. You always have plenty of rewarding career choices open to you.

You are worthy of a prosperous and successful career.

No matter what happens in your life, you are happy in your achievements and you realize that it is happiness that really matters.

You feel that your career is worthwhile.

You are professional in your attitude and outlook.

Your career offers exciting possibilities to develop as an individual.

Each day, you enjoy your work immensely and recognize further opportunities to gain achievements.

You are an amazing individual, capable of achieving every career goal that you set out to accomplish.

Realize that you have a strong sense of purpose. Your life is rich, meaningful and successful.

You are completely worthy of achieving your career goals.

You work hard to succeed and deserve your success.

Every day, take the necessary steps that will enable your career success to become wonderful reality.

Day-by-day, your confidence and abilities grow stronger.

You move closer to achieving your ultimate career success.

Be happy now and enjoy the journey that takes you to your vocational achievements.

Recognize that your ultimate career goal is within your reach at all times and only requires your intent and action to realize.

You create your success.

Have faith in your ability to accomplish your dreams.

Be courageous, confident, daring, bold and audacious whenever needed to benefit your career.

To you, the journey towards achieving professional success is what truly counts and you enjoy the experiences that each day brings.

The work you do always offers attractive opportunities.

You stand up for what you believe in to nurture your career.

Understand that by staying focused, positive and abundant in your thoughts, you increase the right type of energy needed to accomplish your career objectives.

Be true to yourself and start living your dream.

Make this day the one that you really start living the life you most desire.

Recognize your power to manifest a rewarding and successful career.

Take every chance to improve your life.

Believe in your self.

Intuitively, you know exactly what you need to do to make your career materialize.

Day-by-day, you achieve the small goals that lead up to achieving your ultimate career success.

Life treats you kindly and provides plenty of opportunities for you to excel on your chosen career path.

You realize that smart work bring you immense rewards. You are highly capable of achieving your career objectives.

Every day, you wake feeling fresh, bright, dynamic and ready for action.

Feel empowered!

Realize that you have the ability to enjoy a successful and fruitful career.

Right now, you know exactly where you want to go and what you want to do with your life.

You confidently add to your skills at every opportunity.

You are well motivated and highly capable.

Each morning, you start the day with total belief in yourself.

You have entrepreneurial vision and use it wisely to achieve your goals.

As an outstanding and respected individual, you bring many important qualities to your career role.

You are open to abundant career possibilities.

To you, work is completely enjoyable, rewarding and fulfilling.

You are often highly praised and rewarded for the qualities that you bring to your career role.

Realize that you are quick to learn new skills and are always in demand.

Although you are successful in your vocation, you enjoy a balanced life that offers plenty of time for rest, fun and fulfillment.

You are incredibly successful at what you do.

You are worthy of your career achievements.

Everyone trusts you completely.

Believe in your capabilities to accomplish your work goals.

You achieve your career objectives quickly and easily.

Believe that you are an amazing individual with so much of immense value to offer.

Be confident in your ultimate achievements.

You are truly astounding.

You have exactly what it takes to reach the pinnacle of your career.

Accomplish your goals.

Believe in yourself.

Realize now that you have a successful career.

Be the success that you already are.

This is your chosen experience.

These are the beliefs that create your wonderful and fulfilling reality.
